Name: _____ Date: _____ Period: _____

Your Task: Examine the inferences below and return to the text. Which inference is best supported by the source?

Alternative Inferences	
Person 1:	The newspaper feature suggests its editors, like many Canadians during WWII, was frustrated with the Canadian government's wartime policies and their negative economic impact
Person 2:	The newspaper feature suggests its editors are critical of those who are frustrated with the impact of wartime policies by the Canadian government.

Multiple Choice: Which inference is most plausible?

- a) Person 1's inference is most plausible
- b) Person 2's inference is most plausible
- c) Both Person 1 and Person 2's inferences are equally plausible
- d) Neither inference is plausible

Short Answer Response: Explain your reasoning below.
